*Zborul*, libertatea văzduhului și zbuciumul talazurilor.  
*Zborul*, siluete avântate spre înalt, iureș de aripi...

“Pe mare trec trei păsări mari și țipă.

În pene albe poartă fremătarea  
Furtunii prin catarge împânzite.  
În vânt se umflă larga lor aripă.

Pe ceruri pier trei umbre mari în noapte.”

*(Ion Pillat, Păsări pe mare)*

*The flight*, the freedom of the sky, the fret of the breaking  
billows.

*The flight*, silhouettes soaring high, like rush of wings.

“Three big birds are passing and crying over the sea.

In their white feathers, they are carrying the storm bustle through  
the sail masts.

In the wind, they are swelling out their wide wings  
In the sky, three large shadows vanish at night.”

*(Three big birds, Ion Pillat)*
